ABOUT THE SHOW

SinoCorrugated - The World's Professional Corrugated Manufacturing Show

SinoCorrugated 2019 is the world's professional trade show for corrugated equipment, technologies and trends. The event is connecting the corrugated industry to the future and brings together over **1,100** exhibitors and **80,000+** visitors, showcasing **1,800** pieces of corrugated manufacturing equipment as well as 1,200 kinds of consumables. As a powerful and efficient channel it serves box manufacturers to make efficient purchasing decisions and to learn about new products, cutting edge technologies and market dynamics in order to enable solution for the most efficient performance within their businesses.

SinoFoldingCarton - The Leading Business Hub for Printing and Packaging Professionals

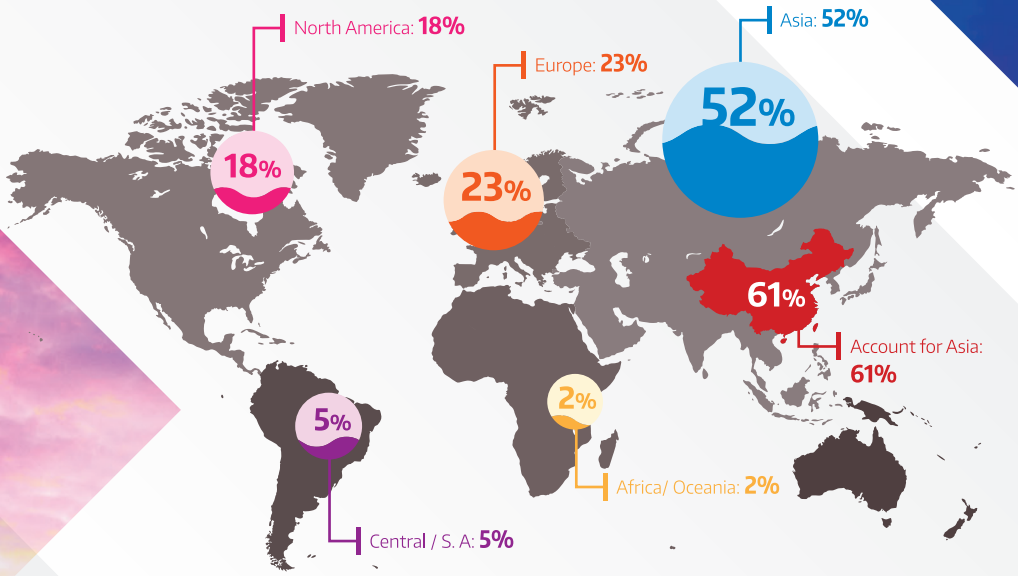

SinoFoldingCarton 2019 is Asia Pacific's professional trade show for post-print manufacturing equipment and consumables for the folding carton industry. Taking place alongside SinoCorrugated 2019, the exhibition highlights the latest printing and packaging equipment on over **110,000 sqm** exhibition space. As preferred trade, procurement and education platform, business professionals of the folding carton industry will be able to significantly enhance purchasing efficiency, identify new suppliers and intensify their knowledge through thousands of represented manufacturing solutions.

Shanghai is one of the four direct-controlled municipalities of China and one of the most populous city in the world, with a population of more than 24 million as of 2017.

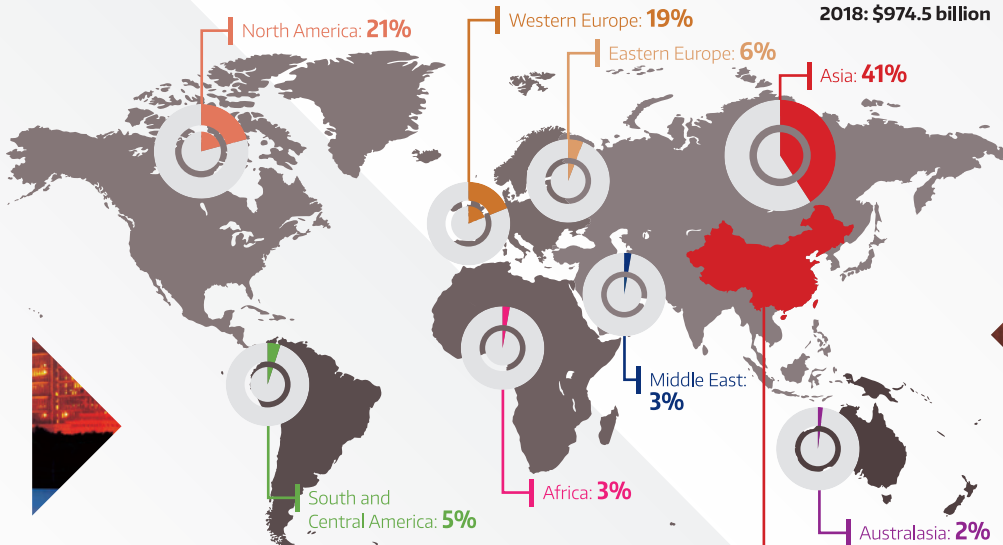

In 2017, Shanghai's economy grew **6.9 percent** and kept pace with the country's GDP growth. Today, Shanghai has become the first city in China to top a GDP of **3 trillion** yuan (US\$469 billion).

Regional Share of 2017 Corrugated Production / Shipments

World Packaging Consumption by Region in 2018

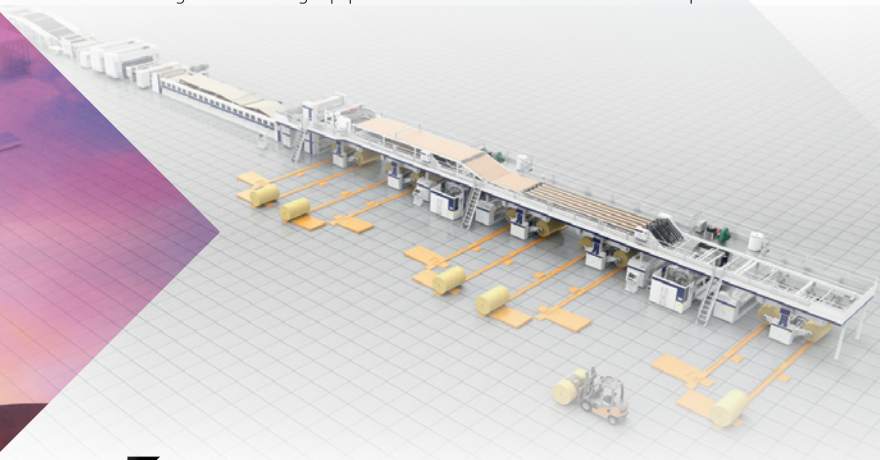

China alone is forecast to represent almost 48% of world packaging consumption growth by 2022.

About SinoPaper

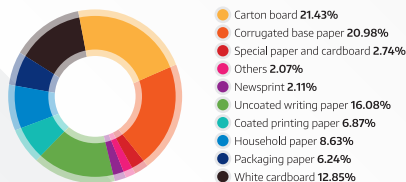

SinoPaper 2019 is hosted by Reed Exhibitions and is going to exhibit three major categories of packaging paper, printing paper and specialty paper. The 5-in-1 show will integrate Reed Exhibition's domestic and overseas market resources, and is going to invite more than 80,000 purchasing decision makers from domestic and overseas paper demand enterprises to attend. The show will be joined by business professionals from packaging and printing enterprises, colour printing factories, paper distributors, end users and design companies. At the exhibition site, the organizers will conduct a number of high-quality events, including the Paper Industry Development Forum and the Paper E-commerce Purchasing Festival. They will connect targeted customers to the paper industry and establish a network platform with trade visitors in order to help exhibitors to develop their markets and establish the right business and sales network.

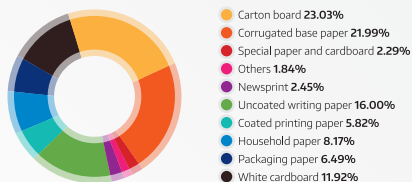

Paper and board production and consumption from 2008 to 2017

Proportion of paper and board production in total production in 2017
